

BILL GWYNNE RALLYSCHOOL CORACLE STAGES 2009

Carmarthen and Epynt Motor Clubs would like to take this opportunity to welcome you to the **Bill Gwynne Rallyschool Coracle Stages 2009**.

We are pleased to welcome **The Bill Gwynne Rallyschool** to this event. They are a well - known and enthusiastic supporter of rallying and we are delighted that they join us as title sponsor for 2009.

Thanks to the enthusiastic co-operation of the **Bennett-Evans family**, the rally will once again return to the **Sweet Lamb Complex**, with scrutineering, servicing and the finishing ceremony all situated within the popular Mid Wales test venue.

We will be allowing pace notes this year. Whilst the event will run entirely on private land and cars will not need to be taxed for the event, a short portion of public highway will be used between the service area and the start and accordingly cars should be taxed in order to traverse this section.

The intention is to again promote a compact, no frills event, offering approximately 40 loose surface stage miles with a central service area - thereby catering for those without a service crew and who may wish to leave their service vehicle in the service area for the duration of the rally. The format has proved popular with both competitors and spectators in the past and the rally earned the prestigious awards of **best event in the 2003 and 2006 WAMC Clubmans Forestry Rally championship and also the 2003 ASWMC Loose Surface Stage Championship**.

Regs can be downloaded and returned to Simon Gronow , 3 Kennett Grange, Llangybi, Usk, Monmouthshire, NP15 1QF.
