Tuesday the 27th December 2005 sees an excellent entry for the *2005 West Wales Rally Spares Christmas Stages*. The now familiar Festive Rally has a capacity entry with what is expected to be a fearsome battle amongst the competitors especially between the well supported rear wheel drive competitors. Peter Lloyd is once again hoping to take the honors in his Subaru but with the unpredictable conditions will have to be at his best. The first stage will start at 10-00 a.m. with the full day's action finishing around 3-00 p.m.

Spectators are welcome with a per car charge at the gate.
