

WWRS JAFFA STAGES 2018 - COMPETITOR'S PASSES

Please note that the pass requirements at Pembrey are changing. From now on, there are two types of passes – **Personnel passes** and **Vehicle paddock windscreen passes**. You are issued with 6 personnel passes and two vehicle passes.

You will need a **Personnel pass** to gain access at the main entrance gate. A personnel pass will be required for the driver plus each passenger over the age of 14 – children under 14 are admitted free. **If you arrive without sufficient passes to cover all those in your vehicle, then you will be charged £5 per person for those without passes.**

Approximately 150 metres beyond the main entrance gate, spectators and competitors will be split. Spectators will continue straight ahead, on the perimeter road, towards the spectator parking overlooking the circuit, competitors with **Vehicle paddock passes** affixed to their windscreens will turn right towards the Service Area located inside the circuit. **Anyone without a vehicle paddock pass will be directed to the spectator parking area, from which they can walk across to the Service Area.**

Please ensure therefore that the appropriate passes are distributed to your team members if you wish to avoid paying additional entrance fees.

This change has been necessary due to the number of vehicles being left on the access road on rally days, causing a nuisance to others. **There is now no advantage in parking outside, so please ensure that the access road is kept clear.**
